

## YATP students make a big impact wherever they go.

The small, conservatory style program admits the best suited, dedicated students with similar goals by auditions held each year during our summer intensive. Most of our students train with the program for many years, or until graduation when they move on to both professional careers and outstanding university programs. Many of our alumni, who are working professionals today, credit YATP with giving them the strong foundations for their careers in the arts, having a strong work ethic and a competitive edge.

**We train young professionals.**  
**Work hard. Play hard.**

This fun and challenging day camp is perfect for musical theatre students to experience the YATP program while expanding and improving their technique and skillset. Not "pay-to-play", our program teaches **solid technical skills** for young, professional artists. This is a "long game" program for serious students. We work hard while having fun and building confidence.

Students will work on proper vocal technique, along with acting, audition techniques and dance skills, while also preparing ensemble numbers from a rotating mix of classic and contemporary, age appropriate, Broadway Musicals, under the leadership of Stephanie Riggs, Educational Director/ Master Teacher, YATP Faculty & several talented YATP interns with a very low teacher/student ratio.

Students should bring a sack lunch, bottled water and snack daily. All students should have a pencil, binder, and recording app on phone (to make recordings in class for at home practice) each day. Wear clothes to move in with rubber-soled shoes & hair tied back. Detailed emails with daily schedule breakdowns, what to prepare for the BEST camp experience ever, and other details will be sent prior to the start of camp.

*\*Schedule is subject to change. Covid-19 safety measures will be determined based on current data a minimum of two weeks prior to camp. YATP & Our Productions Theatre Co. will follow all CDC, local, national and Actors' Equity Association Union guidelines with regard to safety protocols.*
